

# Are Allergens, Odors, Mold and Dust Attacking Your Family?

Your house may be old and under attack, or built so well that no fresh air ever circulates to remedy unhealthy indoor air problems. We can tell you if anything is wrong within 48 hours!

**Call 889-2331 And Start Saving Today**

## We'll check for:

- Carbon Monoxide
- Allergens, Dust Mites
- Humidity
- High CO<sub>2</sub>, Chemicals and Odors (Stale Air)
- Heating/Cooling Efficiency

## FREE\* Indoor Air Quality Analysis

\*Indoor Air Quality Analysis is free when you have us do any home heating or cooling equipment cleaning and tune-up, or sign a Preventive Maintenance Agreement (PMA) for your heating and/or cooling system(s) with MASI Plumbing & Heating. PMAs start as low as \$115 per season, cover cleaning and evaluation of your system(s), and guarantee preferential pricing on parts and installation. If you choose not to have a cleaning or arrange a PMA with MASI, we will charge you just \$75 for the analysis.
